www.porcelona.com

At PORCELONA, We are a large multinational company, known for our comprehensive vision, diverse workforce, global reach, progressive mindset, and versatile product line.

We manufacture and market top-quality, aesthetically pleasing porcelain stoneware tiles, sintered stones, and SPC floors designed for a wide range of applications, including residential, commercial, and public building projects, whether indoors or outdoors.

**UNLOCK
GRACE**

Our expertise in proven international management blends seamlessly with the energy and commitment typical of the finest in the ceramic industry.

This synergy embodies the spirit of 'PORCELONA GROUP' and we take immense pride in producing porcelain stoneware tiles, sintered stones, and SPC floors for the world.

About Porcelona

PORCELONA'S global presence includes a headquarter with a Design Studio in Istanbul, TURKEY, where we passionately craft world-class designs and innovative surfaces. This facility is complemented by a state-of-the-art display center and warehouse in FRANCE and our commercial and administrative offices in the USA.

We operate a cutting-edge production facility in INDIA, where we breathe new life into our designs, meticulously crafting premium porcelain stoneware tiles, sintered stones, and SPC floors of the highest quality.

This strategic network empowers us to deliver innovative flooring solutions to customers worldwide, all while upholding our unwavering commitment to quality, sustainability, and customer satisfaction.

Our dedicated team of highly qualified professionals ensures that our products consistently meet the most rigorous standards of excellence. From the careful selection of raw materials to our products' impeccable packaging and efficient shipping, we take immense pride in guaranteeing that PORCELONA customers receive nothing less than the finest products and services."

WOOD

PORCEIONA
GROUP

CERAMICS AT THEIR BEST

The refinement of the natural surface in combination with the tactility of the structured finish guarantees the perfect colour continuity between inner and outer spaces.

A natural surface able to create a minimal and contemporary atmosphere as much as classic and traditional solutions.

TECHNICAL DETAILS

TECHNICAL HIGHLIGHTS

- Highly compact porcelain body with low water adsorption. Special minerals give high breaking strength.
- Waterproof engobe prevents water penetration to the top.
- Highly abrasion resistant glaze with HD printing.
- high resolution digital printing reproduces to the last detail natural Wood patterns and surface textures
- Specially formulated abrasion resistant protective glaze coating on the surface ensures very long life and durability.

WATER ABSORPTION

- Body fired at very high temperatures of the order of 1180-1200°C ensure the final water adsorption of less than 3%
- Moisture expansion is almost nil
- Climate changes have no effect.
- Frost proof

PERFECT PHYSICAL PROPERTIES

- Very high MOR value > 320 kg/cm² which is able to withstand high static and dynamic loads in service..
- Perfect flatness

STAIN FREE / CHEMICAL RESISTANT

- Highly hygienic
- Color resistant, chemical resistant and acid proof.

Absolutely fireproof.

LAYING SOLUTIONS

The material should be carefully checked before fixing, especially tonality, caliber and choice. Claims cannot be accepted once the material is installed. The company declines all responsibility for laying without joints; minimum joint laying has a gap of 2 mm.

INSTALLATION ADVICE

The longest side should be staggered no more than 300mm when laid in running bond.
